Hi, thank you, but dont work... im using the module "m_online", an alternative block for show more things, including the email (when authorized by user) avatar, in wich module the user is, and how much time the member are online.

You can see this module working here:

<http://www.xoops.net.br/>

He is the "Membros Online"

and download here:

[http://www.xoops.net.br/modules/wfdow ... nglefile.php?cid=6&lid=66](http://www.xoops.net.br/modules/wfdow...nglefile.php?cid=6&lid=66)

I want to make like this:

Old:

Members: 1

New:

Members: 1/100

The problem: this module dont have template, so the smarty dont work...
