NAME ONE CHANGE THAT HAS BEEN MADE, PLEASE.

IMPORTANT EDIT:

@kc0maz: I APOPOGIZE... THERE HAS BEEN ONE CHANGE MADE

Thank you Giba, for being the driving force to putting it in motion and phppp for helping make it a reality.

END OF IMPORTANT EDIT

Talking about changes doesn't count. We have been doing that for years. If there has been ANY CHANGE ACTUALLY MADE, I missed it completely, until today!!!

[Updated on September 8th 2007](#) -I missed the announcement!!!!

Got this information from xoopsinfo.com just before the db connection failed. (Their poor server couldn't handle this kind of news. It was a shock to the system)

People come and go ... that is no change.

What changed, really?

What we have now is the honor system, but there are those who refuse to honor others *as they would like to be honored* themselves.
