I am still working on this area (for visuals) so maybe this will help.

http://www.xoops.net.br/Meta_Tags_and_Footer.htm

You will need to change this page

Preferences Main »» Meta Tags and Footer

BTW: I hope to get the files transferred to xoops.org help from my server as soon as possible, right now it looks like I am the only one working on this particular project. So if you want to get involved.... I'm open for suggestions.

Hope this helps..
